MRS. CHARLES GARIBALDI

She and her husband own and manage a general store at Lavalette. Both had been on friendly terms with Henry Stevens, although Mrs. Garibaldi has resented Mrs. Stevens' actions in inducing other residents of Lavalette to trade with a competitor.

Mrs. Garibaldi was reported to have told Simpson that she saw Henry Stevens operate Mrs. Stevens' gear-shift car. She denies making this statement and claims that what she did say was that she saw Mr. Stevens on one or two occasions driving in Mrs. Stevens' car and meant that someone other than Mr. Stevens was operating it.
